📍 Durham, NC/Bay Area, CA

WHO AM I

I am someone whose experiences and obstacles in life have made her strong, motivated and resilient. I have a deep love for all things coding and engineering related, but I also enjoy simpler things like Marvel movies, Legos and riding bikes in the city.

EDUCATION

B.S. Computer Science

Duke University

📅 Jan 2015 - ongoing

GPA

3.30 / 4.00

Web Development Intensive

New York Code and Design Academy

CURRENT PROJECTS

Web Designer

📅 Sep 2016 - ongoing 📍 FABLAB @ NCCU

I took on the responsibility of developing a website to promote the North Carolina Central University's Fabrication Lab

- I am furthering my front and back end web dev and programming skills.

Black Duke - IOS Development

📅 Aug 2016 - ongoing 📍 Durham, NC

I am currently working on an app to organize the Black community and Black events at Duke and cater to those interested in social, political and academic issues relevant to the Black community.

- This is my first project in iOS development.

EXPERIENCE

Web Master

Zeta Phi Beta Sorority, Inc. | Nu Omicron Chapter

📅 Mar 2016 - ongoing 📍 Duke University

Duke University's Nu Omicron Chapter of Zeta Phi Beta

- I developed and continue to manage our chapter website. This was my first Web Design job which caused me to seek other projects in that area.

Legal Assistant/ Summer Intern

Rutan & Tucker LLP

📅 June 2014 - Aug 2014 📍 Palo Alto, CA

"A full-service law firm based in Costa Mesa, California that is organized into more than 30 legal practice areas in six groups..."

- I learned a great deal about doing research and compiling my findings in reports for attorneys

Tech Desk Attendant

Stanford University Libraries

📅 May 2013 - Aug 2013 📍 Palo Alto, CA

Meyer Library Tech Desk at Stanford University

- I learned about customer service and troubleshooting issues with technology.
